

PROPOSAL PAPER

Preparation COURSE 2025

TOPIC	Preparation Course-CIDB Assessment Method II RPLE
DATE	18 th – 19 th February 2025
TIME	9.00am – 5.30pm
TRAINING MODE	Online Class
CPD/CCD	CCD CIDB (Applied & Subject for Approval)

1.0 COURSE DESCRIPTION:

Achieving CIDB certification is a crucial step in advancing your career in Malaysia’s construction industry. To help you excel in this process, we offer a 2-day online preparation class specifically designed to equip you with the skills, knowledge, and confidence to succeed in your CIDB interview.

This comprehensive program covers key areas such as construction regulations, project management, safety practices, and ethical standards. Guided by experienced trainers, you will explore critical concepts through interactive lectures, case studies, and mock interviews. A strong emphasis is placed on real-world applications to prepare you for practical questions and scenario-based assessments during the interview.

To support your learning journey, the program includes 30 days of access to an online learning portal. This platform features an extensive collection of revision materials, including video tutorials, mock interview questions, and case studies, enabling you to review and reinforce your knowledge at your own pace.

This preparation class is your gateway to success. Join us to gain the expertise, ethical understanding, and practical confidence needed to achieve CIDB certification and thrive in your construction career.

2.0 LEARNING OBJECTIVES:

- Enhance Technical Knowledge: Develop a solid foundation in construction regulations, methodologies, safety practices, and project management principles.
- Build Interview Confidence: Acquire effective strategies for presenting knowledge, answering questions, and demonstrating competency during the CIDB interview.
- Apply Practical Skills: Engage in mock interview sessions and case studies to apply learned concepts to real-world scenarios.
- Leverage Online Resources: Utilize 30 days of access to the online learning portal for continued revision and self-paced learning.
- Boost Professional Credibility: Improve readiness to achieve CIDB certification and advance career prospects in the construction industry.
